Contempt Trial Ordered For UMW

Judge Keech Refuses To Drop Court Charges

Union Must Prove It's Not Responsible For Coal Strike

WASHINGTON, Feb. 24—(AP)—Judge Richmond B. Keech refused today to drop contempt charges against the striking coal miners union and ordered a trial on Monday.

Keech told union attorneys they could have a jury trial if they desired.

Welly K. Hopkins, chief UMW attorney, said he would consider over the week end whether to ask for a jury trial.

Assistant Attorney General H. Graham Morison asked that the trial start tomorrow. He noted that since the original court back to work order, issued Feb. 11, "there has been no increase in production of the bituminous mines of this country."

Urging the need for speed in the case, Morison said:

"At least 20 states have adopted emergency measures to take care of the coal supply.

"Virtually all of the nation's cities have the same problem.

"If this contempt is established in appropriate trial then it is the view of the government that the full power and majesty of this court" be used to get the miners back on the job.

Hopkins objected to having the trial start tomorrow.

Judge Keech then set it for Monday.

The judge denied Hopkins' formal motion that the civil and criminal contempt charges be dropped and the proceeding be ended.

Union attorneys had argued the court had not the right to issue back to work orders to the miners.

Replying to charges that the union is in contempt of the court's back to work order, the attorneys:

1. Denied the union called the walkout.

2. Denied that union was responsible for continuing the idleness which has cut the nation's coal supply to famine level.

The UMW attorneys told Judge Richmond B. Keech that the strike was a result of individual action by the 370,000 soft coal diggers.

"Refusal to work was and is entirely without suggestion, direction or authorization of the respondent union and wholly in contravention of and contrary to the directions given aforesaid by the respondent through its officers," said Welly K. Hopkins.

Hopkins is chief attorney for the union. Stripped of his legal phrases, his argument meant that John L. Lewis, as president of the Mine Workers, had ordered them back to work in compliance with the court's order, but the miners had not obeyed.

Judge Keech has issued a temporary restraining order against a strike on Feb. 11. The order, once extended, is good until March 3.

The union has not "done any act to cause, induce, engage in, permit or encourage any alleged strike or its alleged continuance," Hopkins said.

Legion Band Concert Is Enjoyed By Crowd

An appreciative audience attended the fourth annual concert of the American Legion Quaker City band Thursday night in the High school auditorium.

The band, under the baton of George D. Chappell, played a varied program of marches, overtures and classical numbers. A solo number was by C. M. Brautigan and William Rankin.

Quartet selections were presented by the Four Notes of Leetonia.

Severe Cold, Much Snow Due Tonight

The first installment of a cold wave weekend was whipped into Ohio today by strong northwest winds that threatened to send the mercury plunging 20 degrees throughout the state.

To qualify as a cold wave changes must be sudden and severe, state Forecaster C. G. Andrus explained. In Ohio at

this time of the year a cold wave means a 20-degree temperature drop to below 15 degrees during a 24-hour period.

"And that's just what is going to happen throughout the state today," the weatherman added. "The mercury tonight will reach lows between five and ten degrees."

The severe temperature drops will be accompanied by a great deal of snow throughout Ohio, Andrus said. Tomorrow will continue cold and partly cloudy, with more snow.

Truman Hints At Spring Tour

May Schedule Talks To Rescue Fair Deal

WASHINGTON, Feb. 24—(AP)—President Truman may try to rescue his "Fair Deal" program by a pre-adjournment stumping tour aimed at bringing voter pressure on Congress.

The President himself gave impetus to such speculation by disclosing that he is considering a Spring trip to the Northwest complete with "whistle stops" going and coming back.

The trip under consideration would have for its avowed purpose participation in the dedication of the Grand Coulee dam in Washington state.

The President told his news conference yesterday he had been invited and was considering making the trip. If he went, he said, there probably would be some whistle stops going and coming.

In view of his previously announced decision to stay out of Democratic primaries except in his own State of Missouri, the President likely would concentrate on opponents of his legislative program, especially Republicans, but leave enough implications to whip some Democratic recalcitrants in line.

Republicans generally viewed the Spring tour as a part of a Truman campaign to get his sort of Democrat elected to Congress. Presidents Wilson and Franklin D. Roosevelt both made some efforts in that direction, and Senator Brewster (R-Me) said he didn't believe Mr. Truman could succeed where those two failed.

"The American people have always been very allergic to officials who try to arrogate to themselves the job of picking office holders who are selected at the polls," Brewster said.

Mr. Truman did not say when his Northwest trip might be made, but his press secretary, Charles G. Ross, told reporters that it would be before the end of May, if undertaken.

Another stumping tour, this one definitely in behalf of Democratic nominees, is being set up for the weeks in advance of the November elections.

The Spring tour, in advance of the adjournment of Congress, would offer opportunity for a presidential drive for enactment of key Administration measures which might very well need a lift at that time.

Doctor Admitted Breaking Law, Nurse Relates

Tells Of Dr. Sander's Talk With Referee After Mercy-Death

MANCHESTER, N. H., Feb. 24—(AP)—A hospital records keeper testified today Dr. Herman N. Sander said he knew he had broken a law in the "mercy killing" death of a cancer patient and added "he'd broken laws before—he'd been through stop signs."

Miss Josephine Connor, medical librarian at Hillsboro County Hospital, calmly told a 13-man jury about a conversation she said she heard between a county medical referee and Sander.

Dr. Sander is being tried on a first degree murder charge in connection with the death of Mrs. Abbie Borroto, 59, Manchester housewife.

Miss Connor, a buxom registered nurse, gave this account of the talk between Dr. Robert E. Biron, the medical referee, and Dr. Sander on the day of Sander's arrest:

"Dr. Biron asked if he (Sander) realized he had broken the law. Dr. Sander said 'yes, he'd broken laws before—he'd been through stop signs.'"

"Dr. Biron said this was more serious, this was murder. Dr. Sander said he did realize he'd broken the law but the law should be changed."

"Dr. Biron said 'why didn't you change it first—before you did this?'"

Miss Connor testified she did not remember Dr. Sander's reply to that last question.

Dr. Sander heard the nurse testify he gave this answer when Dr. Biron asked him about the Turn To DOCTOR, Page 3

Smucker, Dr. Schmid Head OSU Alumni

Richard A. Smucker of Jones drive was elected president of the Columbiana county chapter of the Ohio State Alumni Association at its dinner meeting Thursday night at the Travelers Hotel, East Liverpool.

Other officers named were Mrs. Delmar A. O'Hara, Jr., of Wellsville, vice president, and Dr. Joseph Schmid of Salem, secretary-treasurer.

Dr. A. J. Cloran was named to the board of governors for a three-year term while Mrs. Herschel Rubin was elected for two years and Atty. Donald E. Smith for one year. All are from East Liverpool.

Some 52 members heard a talk by Lawrence A. Booher, assistant field director of the University's development fund. Dr. Collin F. Kinsey of East Liverpool also spoke briefly.

About 500 attended public showing of movies of the Ohio State University of California Rose Bowl football game and color films of Tournament of Roses parade and halftime performance of Ohio State band.

Clubs Name Chairman For Joint Meeting

Plans for the annual joint meeting of Salem service clubs are nearing completion as the Lions Club, host at the 1950 session, has secured the speaker and appointed the general chairman.

Tennison Guyer of Findlay, former minister, and well-known in this area for his lectures and after-dinner talks, will speak following a banquet dinner at the Masonic Temple banquet room March 28.

Clyde Dickson is general chairman, with decorating and arrangements committees yet to be selected. Clubs participating in the joint meeting, besides the Lions, are the Rotary, Kiwanis and the Junior Chamber of Commerce.

Tickets will be available from representatives of the individual clubs.

Robbery Trail Leads East

Story Of Robbery Kept From Mather

CLEVELAND, Feb. 24—(AP)—Aged Multimillionaire William G. Mather was still unaware today that seven hooded gunmen had terrorized his household and looted the mansion of \$350,000 in gems while he was peacefully sleeping.

Members of the household said the 92-year-old iron ore and shipping magnate had not been told of yesterday's robbery because of his health.

Police Chief William T. L'Estrange said last night he was convinced the robbers, who brandished a submachine-gun and revolvers, were "an out-of-town gang."

L'Estrange said the holdup trail seemed to lead to New York. He explained he had learned that most of the servants hired by the Mather in recent years had been obtained through a New York agency. Some have left the household and their whereabouts is being checked, he added.

Police speculated that the robbery plans had been laid in New York or some other city. The gang may have been aided by a person who had at onetime worked as a domestic in the Mather home, they reasoned.

Both Bratenahl and Cleveland police, called in by suburban authorities to help solve the spectacular holdup, said the apparent familiarity with which the men moved about the estate and 30-room mansion indicated thorough preparation.

Detectives also pointed out the similarity of the perfectly precision job to several recent holdups and burglaries in the East, including the \$1,500,000 Brink's Inc. robbery in Boston. The gunmen roused Mather's 59-year-old socialite wife, slugged her on the face with the butt of the tommy-gun. Then they forced her to open a wall safe containing some \$350,000 in uninsured jewels.

FEPC Bill With Teeth Sought

Truman Forces Hit House Voluntary Bill

WASHINGTON, Feb. 24—(AP)—Its prospects of success clouded by House passage of a voluntary FEPC bill, the Administration switched to the Senate today in its drive for compulsory fair employment practices legislation.

Backed by President Truman, Senator Lucas of Illinois, the Democratic leader, kept a schedule which will bring a bitterly fought anti-job discrimination measure up in the Senate next month.

Mr. Truman told his news conference yesterday that he has made it clear he wants a bill with enforcement clauses.

When a reporter asked if such a measure could be made effective without interfering with an employer's right to hire whom he pleases, Mr. Truman said he'd always thought so.

Because of the expected Southern Democratic filibuster, the exact Senate date for action on a bill is in doubt.

Even its approval by the Senate might mean only a disagreement between the two Houses. That would kill the legislation in this session.

The House bill, approved by a 240 to 177 vote, would set up a fair employment practices commission to try to persuade employers not to discriminate in hiring against anybody because of race, creed, disability or sex.

The Administration bill to be called up in the Senate would give the FEPC power to enforce its decisions, providing criminal penalties for violations. The measure has the backing of supporters of President Truman's civil rights program.

Lucas told reporters Republicans will have to take the responsibility for the House bill. On final passage there, 124 Republicans and 116 Democrats supported it. Voting against were 134 Democrats, 42 Republicans and one American-Labor party member.

Underdogs Dominate Ohio Political Scene

Uphill Battles For Nominations Keep Candidates Talking

By TED S. ALEXANDER
COLUMBUS, Feb. 24—(UP)—Candidates fighting up-hill battles for nominations at the May 7 primary elections are dominating the Ohio campaign scene today.

Latest candidate for the title of "hardest - talking" office-seeker is Walter A. Kelley, Cincinnati attorney. Kelley is one of the seven Democrats seeking the senatorial nomination and the chance to oppose Sen. Robert A. Taft, Republican, next fall.

Mr. Kelley surprised politicians this week by asking State Auditor Joseph T. Ferguson—regarded as the front-runner in the Democratic senatorial field—to withdraw from the race "in the interest of party harmony."

When Mr. Ferguson laughed off the suggestion, Mr. Kelley issued a page of fancy rhetoric which boiled down to a charge that Mr. Ferguson was a "buffoon."

The diminutive auditor answered: "Who is this Walter Kelley, anyway?"

Mr. Kelley charged that Mr. Ferguson was a "hand-picked stalking horse" chosen by Taft henchmen. He said a deal has been made "in high places" to support Mr. Ferguson because "he has little chance of cutting Sen. Taft down."

Another underdog candidate, Mayor James A. Rhodes of Columbus, is continuing his attacks on Republican leaders. Mr. Rhodes is regarded as the second runner up the Republican gubernatorial contest which is led by State Treasurer Don H. Ebright.

Mr. Ebright has secured endorsements from many Republican county committees and Mr. Rhodes selected the "bosses" to attack after allegedly being snubbed at Republican affairs. The latest attacks were against leaders in Cuyahoga, Trumbull and Mahoning counties.

The campaign of Sen. Robert A. Taft has slackened noticeably since Congress reconvened. Sen. Taft is unopposed at the May 2 primary for renomination. He is, however, keeping his name under the spotlight through activities in Washington.

The senator plans to put his campaign into high gear again on Aug. 14 when he will visit the state's congressional districts. His supporters are organizing "minute-man" committees in the state to work for his re-election and counter Democratic "propaganda" in the meantime.

Edward Lamb, Ohio television and radio station owner, is waging a more active "campaign" than most of the actual candidates. Mr. Lamb almost ran for the nomination to oppose Sen. Taft and his decision to stay out of the Democratic race has not dampened his political ardor.

Mr. Lamb has offered to make his television or radio stations available to Sen. Taft without charge to debate questions of labor, farm or foreign policy. It was Mr. Lamb, incidentally, who gave the first definite indication that President Truman would campaign in Ohio for the defeat of Sen. Taft.

Motorist Unhurt As Automobile Upsets

LISBON, Feb. 24—George C. Walters of Newark, N. J., escaped injury at 2:45 Thursday afternoon when his car knocked over a large sign and overturned two miles west of Lisbon, Sheriff Howard Clark reported.

Walters apparently became confused at the intersection of U. S. Route 30 and State Route 172 as he was traveling westward and started onto Route 172 before he noticed Route 30 veered to the left and in trying to swerve back onto Route 30 the car overturned and landed with all four wheels in the air, the sheriff said.

But Margin May Be Too Slim; Another Election Possible

LONDON, Feb. 24—(AP)—The Labor party has won a plurality over the Conservatives and Liberals in the new House of Commons.
With 27 districts out of 625 still to report, Labor held 310 seats against 281 for the Conservatives and 7 for the Liberals.
An absolute majority of the new house is 313.

LONDON, Feb. 24—(AP)—Prime Minister Attlee's Labor party held only a narrow lead tonight in its bid to rule Britain for five more years, and faced the possibility of going into the new House of Commons with an unworkable majority.
Late Conservative victories threw up stumbling blocks on the road to socialism. The Labor party, which had held an overnight lead of 61 seats, saw its advantage steadily whittled away as additional returns were tabulated from the 625 districts electing members to the House of Commons. Several times the count between the Laborites and their combined opposition was a standoff. Then the Laborites began building up a lead again, and gained 17 seats in two hours.

GM Cuts Prices, Employe Wages

2 Cent Hourly Cut Effective March 1st

DETROIT, Feb. 24—(AP)—Price cuts ranging from \$10 to \$40 on the prices of all its cars and trucks were announced today by General Motors Corp. The reductions are effective immediately and come with announcement of downward adjustment in the cost of living allowance to be paid GM employes.

An adjustment of the cost of living allowance given GM employes is part of the contract between GM and its hourly and salaried workers. It is revised according to the cost of living index of the Bureau of Labor statistics.

Under the terms of the adjustment formula, there will be a two cents an hour reduction in the cost-of-living allowance for 290,000 hourly rated employes and a \$10 quarterly reduction in cost of living bonuses paid approximately 72,000 salaried workers. This revision will be effective March 1.

Rev. Hollett, Former Area Minister, Dies

Rev. Walter E. Hollett, 80, a Methodist minister in northeastern Ohio for 35 years who served churches in this area, died Thursday at his home in Lakewood.

He was the father of Miss Mildred Hollett, Salem High School teacher now on leave of absence.

Rev. Hollett, who was ordained in 1892 after graduating from Scio (Mt. Union) college, received his D. D. degree from Allegheny college, Meadville, Pa.

While pastor of the Washingtonville Methodist church in 1897 he met and married Jessie Woods. The couple celebrated their 52nd wedding anniversary last August.

He later was pastor of the Orchard Grove M. E. Church in East Liverpool and immediately before his retirement in 1928 he was pastor of the Methodist Church in Columbiana. He had served many Methodist Churches in the Greater Cleveland area.

Born at Freeport, O., in 1869, he was the son of William and Caroline Hollett. He was a 32nd degree Mason and a Knights Templar.

Besides his wife and daughter, he is survived by two sons, William W. and Maurice, both of Cleveland.

Funeral services will be held Saturday at 1:30 p. m. at the Klank funeral parlors, 12629 Detroit Avenue, Lakewood.

East Liverpool Unions Aid Miners

EAST LIVERPOOL, Feb. 24—Larry Finlay, secretary of the Trades and Labor Council, said East Liverpool AFL and CIO unions have joined in a project to collect food for destitute miners' families.

Trucks will make a one-day collection Saturday and deliver the food donations Sunday to the eastern Ohio miners relief committee at Yorkville.

The relief committee sent an urgent appeal to the local Council, declaring 1,000 miners' families are destitute in Jefferson and Belmont counties.

At 6 p. m. (1 p. m. EST) the Laborites held a lead of 18 seats over its combined opposition—the Conservatives and the Liberals. At that time, with almost 95 per cent of the vote counted, Labor held 305 seats, the Conservatives and allied candidates 280 and the Liberals seven.

Conservative party experts said at 6 p. m., that prospects of their winning a clear-cut victory looked "quite hopeless." But one analyst declared:

"Which ever government wins it will not stay in power long."

This posed the possibility of new elections if the Labor party emerged with a final victory but met defeat in the House of Commons on a vote of confidence.

Winston Churchill, who spearheaded the Conservatives along the comeback trail after their landslide defeat in 1945, said:

"It is obvious Parliament is going to be in a very unstable condition."

The total vote in the elections, held yesterday, broke all records. In the first 550 districts 25,216,425 votes were counted, compared with the previous high for all districts of 25,018,393 in 1945. Eighty five per cent of the eligible voters went to the polls in the 550 districts. The national average in 1945 was 73 per cent.

There will be 625 seats in the new House of Commons. There were 640 in the last House, and the Laborites held 381 seats, the Conservatives 202.

Churchill himself re-elected by a big margin, told his constituency at Woodford:

"We cannot tell and I am certainly not going to pronounce what is going to happen, but it is obvious Parliament is going to be in a very unstable condition."

"All we can do is to keep our eyes steadily fixed on the main purpose to bring our country back to the forefront of the nations and make her a home for all our people."

The popular vote at 5 p. m. (noon, EST) was:

Labour 11,698,099, Conservatives 10,938,204, Liberals 2,318,247.

With the race so close it was possible voters in four constituencies in the remote parts of Scotland could have an important bearing on the issue. Because of travel difficulties they will not report on how they voted until next Monday.

The constituencies are in the highlands and islands off the Scottish coast. Of the four one voted Liberal National, one for Labor and two for the Conservatives in 1945.

Ohio Bell Income Shows Increase

CLEVELAND, Feb. 24—(AP)—Ohio Bell Telephone Co.'s net income in 1949 was \$16,880,012 compared with \$12,325,166 the previous year.

Announcing this in its annual report today, the company said the improvement in earnings was largely because of rate increases which became effective last April 1. The 1949 earnings equaled \$6.53 a share and dividends were \$6.25, compared with earnings of \$5.51 and dividends of \$6.00 in 1948.

The report said the company earned 4.67 per cent on the value of the telephone plant used in providing service. This compared with 3.83 per cent in 1948, which

it said was the lowest ratio in the company's history.

During 1949 79,600 telephones were added, bringing the number in service to 1,546,461. Since the end of the war there has been a gain of 554,000.

Service increased particularly in rural areas, said Ohio Bell. At the close of 1949, there were 76 telephones for every 100 establishments in rural areas, compared with about 50 at the end of 1945.

During the year the number of local calls increased 3.7 per cent, reaching a total of 2,797,427,211, an average of 5.2 calls per day for each telephone.

Unfilled orders for telephones, which stood at about 100,000 at the end of the war, have been reduced to about 4,000.

Light Source No Bigger Than a Match Mimics Sun in New Cancer Research

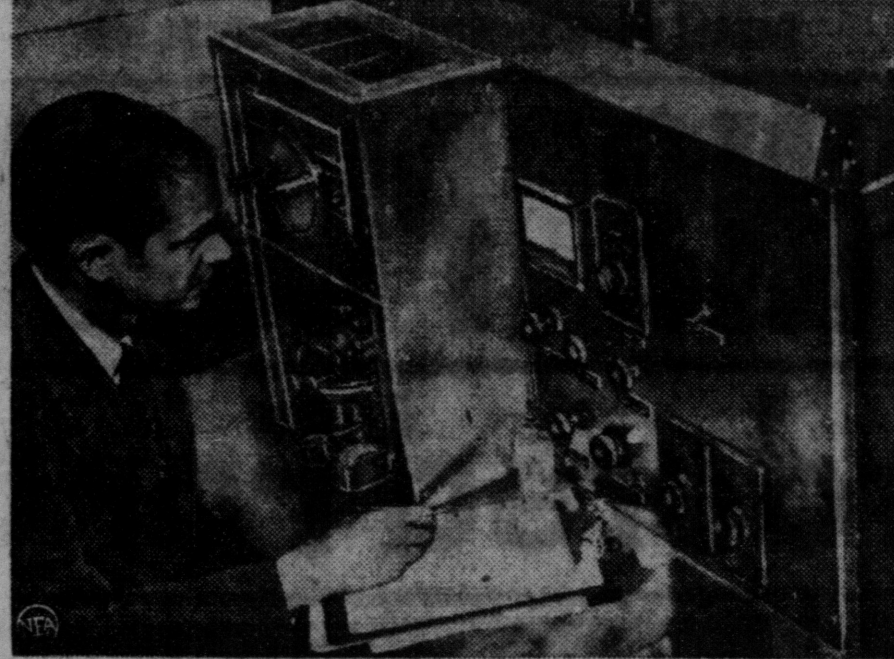

KANSAS CITY, Kan.—(NEA)—A light source no bigger than a match, which has a surface brightness equal to one fifth of the sun's and a name as long as a battleship, is one of the newest weapons in the war against cancer.

The research instrument, developed at the University of Kansas Medical Center, is called an ultramicrospectrophotometer. Its tiny but powerful 1000-watt mercury arc is comparable to the light of a battleship floodlight, and produces so much heat that it must be cooled with 45 gallons of water a minute.

Along with the light, the instrument has a monochromator to separate light rays, a special microscope and equipment to record light intensity.

IT IS BEING USED to determine the ultra-violet light absorption characteristics of parts of body cells. From this research, can tell the amounts of certain chemical components in volumes of cells as small as one-trillionth of a cubic inch.

The probe at present will concentrate on disturbances of nucleic acids, important elements of body cells. Previous research by Dr. Robert E. Stowell, cancer research director at the University of Kansas Medical Center, and

DR. ROBERT E. STOWELL and his ultramicrospectrophotometer: like the light from a battleship's floodlight.

by other scientists indicates that the nucleus acids may hold the key to the cancer problem. Most tumors of man and animals which have been studied have had such disturbances, Dr. Stowell says.

The ultramicrospectrophotometer is the only one of its specific type in the U. S., and is similar to equipment at the Institute for Cell Research in Sweden. Before the machine could be built, Dr. Stowell worked in Sweden for a year studying ultra-violet research techniques.

After he came back and obtained a research grant from the United States Atomic Energy Commission, it took Dr. Stowell and three other specialists 18 months to design and build the highly sensitive instrument.

Company Paid Too Much For Property

COLUMBUS, Feb. 24—(AP)—An appraiser for the City of Mansfield told the State Utilities Commission yesterday the Mansfield Telephone Co. had bought a lot for \$32,000 "that anyone else could have had for \$10,000."

The testimony was given by George Kern at the first day of a hearing on the company's request to increase its rates. The proposed increase would boost annual gross revenues by \$136,000.

Kern said the piece of ground was next door to a garage which the telephone company owned. He said they paid the higher price "merely because they wanted the land."

He testified he had appraised the ground for \$10,000, but the company now placed a valuation of \$30,000 on the lot.

The valuation should be based on the value of land in the neighborhood and not on the fact the company wanted the land and was willing to pay a high price for it, he said.

The City of Mansfield is protesting against granting the rate increase. Its objections are based in large part upon property valuations, and operating and labor costs cited by the company in fixing its rate base.

J. A. Woodward of Columbiana, O., a consulting engineer, was scheduled to testify today on the rate base his firm had arrived at.

Columbiana Rotarians To Discuss Project

COLUMBIANA, Feb. 24—Mrs. Thelma Cochran, in charge of the Youngstown Rotary Home for Crippled Children, and Mrs. Marjorie Vath, Mahoning County orthopedic nurse, will be guests of the Columbiana Rotary Club Monday evening when the meeting will be devoted to the club's interest in crippled children.

Paul Ross, manager of the machine shop division of the National Rubber Machinery Co., chairman of the club's aid program for crippled children arranged the meeting as program chairman for the evening. He aims to bring the club membership up to date on the project.

Plans will also be considered Monday evening for the Easter seal campaign.

Burglar Gets Shoes, All For Left Foot

MIDDLETOWN, O., Feb. 24—(AP)—That one-footed car burglar must be at work again.

There have been various reports at times about automobiles of shoe salesman being burglarized and, naturally, the thieves get shoes for only one foot. (Any good shoe salesman knows one shoe is enough for a sample and it's always for the left foot.)

Anyhow, a burglar broke into the car of Harry M. Boswell of Lynchburg, Va., and stole 38 shoes—all for the left foot.

He made a better haul when he took Boswell's personal belongings, which included three suits.

Landlord, Daughter Shot By Roomer

CLEVELAND, Feb. 24—(AP)—A 56-year-old barber was in police custody today, accused of shooting his elderly landlord and the landlord's daughter after complaining about noise.

Detectives identified the man as Gregory Hawrylak.

In critical condition at City Hospital, a bullet in his abdomen, was Lawrence Czerski, 73. His daughter, 27-year-old Annette, was less seriously hurt. She was shot in the right arm.

Police gave this account: Czerski and his wife, Josephine, 62, were sitting in the kitchen when Hawrylak came down from his room and demanded, "lot of noise last night, wasn't there?"

Mrs. Czerski denied there had been any noise and her daughter entered the dispute. Then Hawrylak returned to his room, came back with a .32 caliber revolver and began firing, hitting Czerski and his daughter.

Police said Hawrylak had roomed with the Czerski family four weeks.

Hawrylak has been booked for investigation in the shooting. He was picked up by police shortly after the affray.

Warren Mayor Asked To Fire Police Chief

WARREN, Feb. 24—(AP)—Mayor Harold E. Smith has been asked by Warren's safety director to fire Police Chief William E. Johnson who has held the job since July 1, 1948.

Safety Director Walter Pestrak made some 20 charges against the chief in a letter to the mayor. He accused Johnson of failing to cooperate with him, drinking excessively, participating in politics, absenting himself from duty, intimidating officers, misusing public funds, and other offenses.

Johnson declined comment.

Students Will Play In Music Festival

More than 30 Salem High School musicians will be among 1,000 high school students who are expected to participate in the eighth annual Sebring High School Music Festival to be held Saturday, April 15, at Mount Union College.

Thomas E. Crothers, supervisor of vocal music in Salem schools, is committee chairman in charge of the choral music at the festival. Other committee chairmen are Donald Stump of Canton McKinley High School, band, and Vance O'Donnell, orchestra director of Alliance High School, orchestra.

The students represent 60 high schools in northeastern Ohio. They will spend the day rehearsing for a public concert in the evening. No prizes or awards will be given, for the purpose of the festival is to enable the young musicians to participate in non-competitive playing and singing. The first annual festival was held at the college in 1943.

Conductors in the three divisions are: Herbert Huffman, conductor of Columbus Boychoir, choral; George H. Hardesty, conductor of Ohio State University, orchestra, and Frank Simon, conductor, Cincinnati and Middletown, band.

The band and orchestra will be composed of approximately 120 pieces each. The chorus will be limited to approximately 800 voices. The musicians are becoming acquainted with the specified selections in the separate divisions before they combine talents at the festival.

Following the concert, a dance will be held in Memorial hall on the Mount Union campus.

Knox Township Youths To Broadcast On Radio

Young people from the West-Knox Township Youth Council of Columbiana County will relate their experiences regarding their safety contest over radio station WAND in Canton.

Six of the members told about their contest over station WLIO in East Liverpool at 12:50 p. m. Wednesday.

Those participating in the broadcasts are Jess Hall of R. D. Minerva; Norma Brogan, who will have charge of the Saturday program, and Gene Stuller, both of Kensington; Margery Hahlen of East Rochester and Dale Rumberg of R. D. 2, Minerva.

Salem Man Elected County Co-op Head

J. Richard Stamp of R. D. 2, Salem, was elected president of the board of the Columbiana County Farm Bureau Cooperation Association at a meeting Thursday afternoon in Lisbon.

Stamp will succeed L. J. Kirk of Fairfield Township.

A. A. Less of R. D. 2, Salem, was named vice president and Richard Speidel of Hanoverton was re-elected secretary-treasurer.

Other board members are Clem Laughlin of Wayne Township, Frank Fisher of St. Claire, Leonard Lowmiller of West and Alva Cope of Fairfield Township.

Pieren, Fisher and Lowmiller compose a newly appointed legislative committee and Stamp, Laughlin and Cope are on the credit committee.

Lewis' Brother, Thomas, Takes Own Life

SPRINGFIELD, Ill., Feb. 24—(AP)—Thomas A. Lewis, 67, brother of John L. Lewis, head of the United Mine Workers, was found shot to death today in his home here.

Deputy Coroner Catherine Rutherford said he had shot himself because of ill health.

Mrs. Rutherford said Lewis' wife, Lenore, discovered her husband's body in the bathtub on the second floor of the home. A revolver was lying near the body.

The deputy coroner said that Lewis, a retired immigration service employee, had been in ill health for some time and suffered a severe heart attack yesterday.

Cleveland Woman Hurt In Rt. 14 Car Mishap

A Cleveland woman was injured slightly in an accident at 7 a. m. today on Route 14, near the junction of Routes 165 and 14, north of Salem.

Mrs. Veronica Ciechanowicz, 67, of Cleveland received bruises on the right side while riding as a passenger in the car driven by her son-in-law, Stanley V. Andrzejewski, 30, of Cleveland.

The car went out of control on a curve and rolled over at the side of the road. Neither the driver nor two other passengers were injured, state patrolmen said. The right side of the car was damaged.

Ten Salem Boy Scouts were advanced in rank last night at the Memorial building when a scout board of review was held.

Five boys from Troop Two, Methodist church, are now second class scouts. They are: William Nyberg, Robert Funk, Richard Coppock, James Pearson and Maurice Sinsley. Tom Howett is scoutmaster.

Three Troop 6 St. Paul's Catholic Church boys became first class scouts. They are: William Potts, James Minamyer and William Harrigan. Two boys were advanced to second class: Joe Hajcak and Carl Kaufman. Andrew Saper serves as scoutmaster of Troop Six.

In charge of the board of review were John Mulford and George Bowman, Jr.

Army Reserve Setup Explained To Jaycees

Col. John B. Arter, commander of the 2523rd Military Government Reserve unit, spoke on the organization program of the Army reserve and its activities in Salem and throughout the country, when he addressed members of the Junior Chamber of Commerce in a meeting last night at the Lape Hotel. George Ryser introduced the speaker.

President James Jackson appointed Wesley Houser and Roy Yeager to head an "On To Convention" committee to make plans for Salem Jaycees to attend the state convention in Akron this spring.

OLDEST RESIDENT DIES

ALLIANCE, Feb. 24—(AP)—Services will be held Sunday for Mrs. Francis Mary Chetwin, 94, who was the oldest resident of nearby Sebring. She died yesterday.

Deaths and Funerals

Mrs. Joseph Edwards

Mrs. Lavina Edwards, 90, died at 4 a. m. today at the home of her daughter, Mrs. John Weingart of the Western Reserve road. She had been in failing health for five years.

Born June 27, 1859 in Berlin Township, she was the daughter of Jacob and Elizabeth Dustman Kronick.

Mrs. Edwards had spent her entire life in this area. She was a member of the Lutheran Church. Her husband, Joseph Edwards, preceded her in death several years ago.

Survivors, besides her daughter, include three sons, Fred of Massillon, Angus and Ezra of Berlin Center; four grandchildren, nine great-grandchildren; one great-great-grandchild and a sister, Mrs. Alice Johnson of Alliance.

Funeral service will be at 2 p. m. Sunday at the Arbaugh-Pearce funeral home, with Rev. E. K. Bass of the Bunker Hill Methodist Church officiating. Burial will be in Ridge Cemetery. Friends may call at the funeral home Saturday evening.

Mrs. Howard Simons

ROGERS, Feb. 24—Mrs. Martha Simons, 62, died of a heart attack at her home in Monaca, Pa., about 1 p. m. Thursday.

She was a daughter of Mr. and Mrs. Elphas Cope of Rogers, where she made her home until a few years ago. Mrs. Simons was born Sept. 9, 1887. She was a member of the Methodist Church. She leaves her husband, Howard of Monaca; three daughters, Mrs. Fred Hostetter of East Palestine, Mrs. Bert Houston of Negley and Mrs. Harold McCall of Rogers; nine grandchildren; two sisters, Mrs. Lois Lones of Paso Robles, Calif., and Mrs. Frank Fultz of Salem; three brothers, Price and Joe, both of Salem, and Paul of South Dakota.

Funeral services will be at 2 p. m. Saturday at Botchelors Funeral Home, Rochester, Pa.

manner of Mrs. Borroto's death:

"Dr. Sander's answer to 'that was well, Mr. Borroto was so tired and if you could have seen him up all night drinking coffee and smoking, you would have been sorry for him too.'"

Miss Connor said Dr. Biron then put the question flatly to Dr. Sander:

"Why did you do it?"

She said Dr. Sander did not answer "other than Mr. Borroto was tired and had a hard night."

Dr. Biron then asked Sander, the nurse testified, if he realized the seriousness of it and "that it might be brought up at a later date."

Dr. Sander replied, Miss Connor said, that "he saw no reason why it should be."

The medical referee suggested Mrs. Borroto's family might bring it up, the nurse said, and Dr. Sander answered:

"No, he was confident the family wouldn't. He was a friend of theirs."

At another point in Miss Connor's testimony she related that Dr. Sander, when asked if he

"realized the seriousness of it," replied:

"He assumed the Medical Association probably would reprimand him for it; tell him not to do it again."

Miss Connor said Dr. Biron told Sander it was "out of the hands of the Medical Association."

Meanwhile, the big question of the trial posed by the defense remained:

Was Dr. Sander's incurable cancer patient dead before he allegedly injected air into her veins?

Sander's chief counsel said last night after the first day of testimony that he had a medical statement from Dr. Albert Snay saying "the patient already had expired" before the alleged injections.

Dr. Snay is a staff member of the hospital where the woman died.

Louis E. Wyman, white-haired, 71-year-old defense attorney, made remarks in an impromptu press conference after court adjourned.

Earlier, Attorney General William L. Phinney, state prosecutor, introduced testimony that Dr. Sander admitted killing Mrs. Abbie Borroto, 59, last December in a "weak moment"; that he yield-

ed to pleas of her husband to "eliminate" her if necessary to end her suffering.

Wyman's post-court statement said Snay examined Mrs. Borroto at a nurse's request as she lay in Hillsboro County Hospital.

Phinney himself said in an after-court question period he had talked to Dr. Snay and received no intimation Mrs. Borroto was dead at the time he saw her.

Tito Now Driving

A PRIME EXAMPLE of the kind of gratitude which the United States won't get from a policy of prying loose Russia's wobbling satellites is Marshal Tito's demand for more American credit. He probably will get what he wants.

The fact is, of course, that the United States isn't interested in gratitude. The fact is that in dealing with Tito it isn't interested in any of the familiar details of the great American myth that friendship can be purchased with dollars. Tito is Exhibit A in the evidence that foreign policy has been re-established on a more realistic basis than it ever had before.

Tito himself is a Communist—never has pretended to be anything else. He also is an ardent nationalist, who aims to get everything he can for his own country. That is his fundamental difference with Russia, which wanted to make Yugoslavia a satellite, like Bulgaria, Hungary, Czechoslovakia and Romania.

The United States, by giving credit to Yugoslavia, is trying to strengthen Tito's hand as a dissenter to the Kremlin policy of political and economic imperialism. It is fully aware of the fact it can't buy his friendship; it is bidding only for Tito's independence of the Kremlin.

This is the way balance-of-power politics works. It always has worked this way. If the United States adopts the method outright, as proposed by Walter Lippmann, among others, the American people will need to abandon the myth that friendship can be purchased with their dollars in the face of all the billions that have been poured out, with no visible return of friendship, perhaps the myth already has fallen under the weight of its own failure. If in the meantime there has been some progress in thwarting Russian imperialism, that is the only net gain that could have been expected.

This Man Needs Help

NORRIS COTTON, who won't be 50 years old until May 11, is among the many whose natural teeth have worn out prematurely. He is having denture trouble.

That's of interest only because Mr. Cotton is a representative in Congress from the second district of New Hampshire. This puts him in the center of the complicated machinery of the U. S. government, which has time to look over the contents of congressional wastebaskets, among other things.

Representative Cotton tried a few days ago to throw away some partial plates which were about to be replaced with something more suitable. These were recovered from his wastebasket by a watchful government and returned to him. Being a man of wit, he has reported all this to his constituents and asked them what he should do.

This man needs help. How can he throw away his old teeth without getting them from the rebound from a government which watches wastebaskets yet forgot to watch a couple billion dollars' worth of war supplies in the Philippines and let most of it get stolen? Should he wrap up his old plates and send them to the Philippines, labeled Government Property?

What's Sauce For The Goose...

THE reporters who work in the press galleries at the U. S. Capitol are jealous of their independence, as well they might be. Their freedom is symbolized partly in a rule that bars anyone from the galleries who has ties with government.

But this rule is now having a curious effect. It is denying use of the galleries to reporters representing the U. S. government, but allowing full privileges to newsmen from Tass, the official Russian agency.

Tass won a libel suit in Britain on the ground

Nothing keeps a man hat-in-hand longer than a woman trying on a new bonnet.

it is an arm of the government and thus should have diplomatic immunity. So there can't be any argument on its official status.

Yet the Washington press corps accepts Tass as if it were independent. Meanwhile the capital newsmen are refusing to allow our own State Department to have reporters in the galleries to gather news for dispatch for foreign lands over the Voice of America programs.

The department says the regular capital reporters naturally stress news from the U. S. angle, and it wants material more useful for foreign distribution. The reasoning sounds pretty good. But if the press corps remains firm in refusal, the least it can do is to apply its rule with equal force against Russian government men.

Never Noticed It

THE U. S. Commerce Department says prices at the beginning of this year were 4 per cent lower than they were at the postwar peak, having slipped 2.3 percent during 1949. It's safe to say that consumers never noticed any slippage.

The decline was one of those statistical hoaxes fabricated from averages. The averages themselves were hoaxes, because they were jerry-built from information picked up here, there and everywhere on a spot-check basis.

This isn't intended to be sniffish about the Commerce department or any other organization which keeps track of what's happening to prices. They do the best they can, but they have the wrong slant.

What the public wants to know isn't what happened to prices but what happened to buying power. Specifically, it wants to know whether the ordinary run of factory workers, white collar workers, day laborers, service employees, professional people and people living on savings held their own during a given year, or lost ground. It long ago ceased to wonder whether anyone gained ground because that is out of the question—even when prices are slipping 2.3 percent.

How far did people who paid the prices that slipped 2.3 percent in 1949 slip during the same period?

Why Not Right Away?

The President's Appeal To Russia

By DAVID LAWRENCE

WASHINGTON
PRESIDENT TRUMAN has in effect, appealed to Russia to try to make an agreement with the United States to control atomic weapons.

The President used implicit language in his Washington birthday speech but his meaning is clear. If Russia will suggest a workable plan, America will be glad to abandon its own proposals.

"The stakes are too large," says the President, "to let us, or any nation, stand on pride of authorship. We ask only a plan that provides an effective, workable system—anything less would be a sham agreement. Anything less would increase, not decrease, the dangers of the use of atomic energy for destructive purposes. We shall continue to examine every avenue, every possibility of reaching an agreement for effective control."

THIS CERTAINLY opens up an opportunity for further discussion and negotiation, even though Mr. Truman reiterates his belief

that the plan which has been approved by the majority of the members of the United Nations would be effective without such change.

The President shows an awareness of the sentiment that has swept the world for developing an atomic control agreement. He insists that the United States will continue "to work honestly and wholeheartedly toward that end but we must remember that the outcome is not ours alone to determine" and he adds that "the actions of men in other countries will help to shape the ultimate decision."

There is a curious sort of concession here to world opinion—an expression of willingness to negotiate even though a deep-seated belief prevails here that such an effort would be futile because the Russians have no intention to allow international inspection or control of their atomic energy developments.

MR. TRUMAN in the same speech, moreover, condemned communism not merely as an ideology of false promises but one whose danger "lies in the fact that it is an instrument of an armed imperialism which seeks to extend its influence by force." In many respects the Presi-

dent's address was a mere reiteration of what Secretary of State Acheson said recently in his press conference. The President made almost the same points and speaks more often of defense against "armed imperialism" than about international negotiation of agreements.

Undoubtedly, in Great Britain, where Winston Churchill proposed in a campaign speech that there be a last effort to meet with Stalin and work out an agreement, somewhat the same public demand exists as in this country—to do something more than organize a military defense.

The net impression given by Mr. Truman's utterance is that he does not see any other way out than by furnishing economic aid to undeveloped areas in the world and to European democracies, and by organizing military defense. While he calls this program of increasing the areas of strength the "hard path to peace," he sees it, nevertheless, as the existing situation. He warns that "we must not be discouraged by difficulties and setbacks and we must not be misled by the vain hope of finding quick and easy solutions."

ALTOGETHER these words of realism do suggest a pessimistic view and a long, long road. They should not by any means, however, discourage the suggestion of or finding of alternative ways to bring peace. For the President himself concedes something besides materialism is involved when he says:

"The real strength of the free nations is not to be found in any single country or any one weapon, but in the combined moral and material strength of the free world."

The President, to be sure, has not yet begun to mobilize that moral and material strength and his address doesn't open the door wide to any other way except the prescribed way of armed waiting and drifting.

Best Climate For Sinus Sufferers

TROUBLE with the sinuses is a miserable thing and many people try all kinds of ways to treat it or escape from it. Recently I have had a number of questions asking what climate is best for a patient with sinus.

Q—In your article on sinusitis you mentioned parts of Florida and Southern California as being good for a patient. What parts of these states did you mean?

B. D.

A—Apparently there is no one part of Florida or Southern California, or anywhere else, that is good for all patients with sinus difficulty. Some people do better at sea level with a good deal of moisture. Others do best above sea level but away from the coast. Still others improve most inland in a dry climate such as Arizona or New Mexico.

There is no way of telling in advance which of these climates, if any—and please remember the "if any"—will be good for the sinus sufferer. The only suggestion which seems to stand up is that a person who is seeking a climate relief for sinusitis try one climate for several months; if this does not work some other can be tried also for a period of several months. This is a difficult and expensive system without any guaranteed success, but it is the only thing which one can honestly say about climate and sinusitis at the present time.

Q—I was told I have sciatic neuritis. I'm 30 years old. At times I can hardly walk. Will you please tell me if this is dangerous or not?

A—A nerve runs down the back of the leg, called the sciatic nerve. A number of conditions can cause pain in the area to which this nerve runs, and this is called sciatica. Pure sciatic neuritis is inflammation of the nerve itself. This can come from a variety of causes which have

to be tracked down in each individual case. The condition is always painful and while not dangerous to life, it can and often is crippling and distressing.

Q—I have read articles about the value of ozone inhalations for sinus trouble. What is your opinion in this matter? N. H.

A—Ozone treatments had quite a vogue 30 or 35 years ago. They were carefully studied at that time and it was concluded that there was no scientific reason for believing that they were of any value to sinus sufferers or for anything else.

Q—Please discuss Paget's disease. H. A. Z.

A—Unfortunately, there are two kinds of Paget's disease... one of the breast and the other of the bone. They are entirely unrelated except for carrying the same name.

Q—For what ailments would a doctor prescribe port wine for a patient? R. T.

A—Port wine has been prescribed for centuries as a sort of tonic for those convalescing from disease or operation. Its value is somewhat uncertain, and some doctors prescribe it and some do not. It is not specific for any one disease.

New Englanders Just Don't Seem To Read Papers

MANCHESTER, N. H. THE EGO, or approximately 95 percent, of every newspaper and radio man covering the Sander trial should be rubbed raw at the moment.

The number of persons in this community who either do not read newspapers or else pay no heed to them, as revealed in the cross-examination of prospective jurors, is so depressing as to cause this ink-stained wench to regret having tossed up that job as usherette in the Bijou at Daldwell, Idaho.

At least I got popcorn at cost and all the gum I could scrape off the seats.

But it is now obvious to such reporters as are covering this "mercy murder" trial that we are sacrificing our genius, talent and collective all for a mess of extremely sticky pottage if the residents of other communities are no more devoted to the front pages than the residents of this Hillsborough County, N. H.

Stout burgher followed stout burgher to the stand, swearing that he had either (1) read nothing about the most publicized murder case in the history of New Hampshire, (2) had barely glanced at the headlines before going to the comics or (3) used the paper to start the fire.

The collective ignorance of the case, on which an ocean of printer's ink has been lavished, if laid end to end would reach from here to every printing press in the state and back again into the basement of the county courthouse where we reporters work cheek by typewriter in improvised quarters.

Nor did the radio and its commentators fare any better. Anything goes on the radio and television in this part of the country except news. People will listen

to everything; soap operas, bebop, hillbilly bands, Ozark evangelists, politicians and singing commercials.

Leastwise, that is the impression that the radio boys, bleeding from every pore, got from the testimony of talesmen.

Prospective juror after prospective juror kissed the news commentators off as decisively as they told off newspaper reporters, bruised and shaken by the revelation that in these parts, at least, a newspaper makes fine stuffing for cracks in the windows or that old drafty door in Aunt Em's room.

A good many of the talesmen examined during the selection of the jury expressed a touching ignorance of the Sander case.

Seemed dang nice incredible to this Yankee from Idaho.

But then, Yankees, by and large, are incredible anyway. This is the first time I ever heard a lawyer apologize to a talesman for intruding on his privacy with questions necessary to establish the venireman's fitness to serve as a juror.

Atty. Gen. William L. Phinney, polite as pie, never failed to ask each techy Yankee if he "minded a few questions." And Louis C. Wymna Sr., courtly counsel for Dr. Sander—not to be outdone—invariably asked the talesman if he "objected to a few questions I must ask you." Like Alphonse and Gaston, those two.

The polite apology for any intrusion into the private affairs of the talesmen seemed to pacify the Yankee dislike of Nosey Nellies. On the stand, talesman after talesman, showing an appalling capacity for minding his own business, answered with admirable brevity.

As one talesman, who was excused, left the courthouse, I asked him about this New England capacity for a nut-shell speech.

He looked at me coolly as he brushed by and said with finality: "Ain't no use wastin' wind."

Foster Home Plan Objection

Editor, Salem News:

The question of disbarring our children's home in Stark County is nearing a showdown. There was a short article in The Salem News soon after Christmas describing a party for the foster children of the Columbiana County Welfare Department held in the Presbyterian Church at Lisbon.

I was simply astounded to learn by this article that there are now 175 children in foster homes in Columbiana County under 55 foster parents. I immediately made personal investigation and found out that every child from Columbiana County has been removed from the Fairmount Children's Home by this County Welfare Committee and placed at its own discretion in foster homes over this county.

The Fairmount Children's Home like our public schools, was set up by law, and I question most strongly the authority of any group to step in and interfere with a state law. I am against indiscriminately placing our helpless children in foster homes, because as far as I can see this work is all done by one official. This list of 55 foster homes is not available so I was unable to make personal contact with the destitute children from this county. About one year ago the Woodward from Columbiana appraised the property of the Fairmount Home for our county commissioners which was placed at about \$225,000, so why is this talk about the two offers of \$75,000 by the Columbiana County Commissioners, or \$112,000 by Stark County?

This whole business of removing the children of Columbiana County was done so secretly by someone that had it not been for that Christmas party at Lisbon there would not have been any publicity. I am not in favor of secrecy in a case like this involving the welfare of helpless children, and I do not intend to stand idly by and let it go unchallenged. The only thing left is to demand that our children be placed in a home as the law demands, which is to return them to the home from which they have been removed.

I made a personal visit to the Fairmount Home to see for myself, and must report that conditions there seem very good. There is a hospital with a uniformed nurse on duty day and night. There are four school rooms maintained by the Stark County school system, and pupils above the eighth grade are hauled by school bus to Alliance High School.

There are adequate playgrounds, a new swimming pool, a band for the children to learn music. There is herd of over 20 high grade milk cows and a machine to pasteurize all the milk, about 40 hogs, and hundreds of laying hens, all of which provide meat and eggs and milk the year round, fresh as it is possible to have them.

In the article on front page of The Salem News on the 22nd, it says "Fairmount Home Decision Near", now just what decision are the people of Columbiana County to make? This Welfare Committee has set a cost of \$30.00 for each child payable to the foster parent, and the additional cost of the child's clothing and doctor bills is paid by the county. Then these foster parents have the privilege of getting all the work out of the children as they want in addition.

Let us demand that this Fairmount Home be re-opened for the lawful admission of our helpless children.

One Man's Opinion

By WALTER KIERNAN

GENE AUTRY is the first man to strike oil with a guitar, but Crosby has brought in a couple of gushers with his bare tonsils.

It's getting so you can't turn on the radio or fill your tank without doing business with these two fellows.

The only reason we can keep dishing out money around the world is that people are still asking Autry and Crosby for autographs.

The longer they sing, the deeper the drill shaft, the bigger the oil strike, the higher the taxes, the more money to support the Turkish navy.

This may not make sense but it will make policy until a saner one comes along.

Jack Dempsey is a one-third partner in Autry's oil strike... 33 percent of the gate and he doesn't have to lift a glove.

Coal Shortage More Acute

Trucks Dumped Near Jewett, Police Called

By The Associated Press

Loading of 700 tons of strip mine coal destined for Cleveland was resumed today under police protection after several trucks were dumped near Jewett, O., in Harrison county.

A. J. Ruffini of Cleveland, vice president of the Powhatan Mining Co., enlisted protection from deputy sheriffs and state highway patrolmen after the dumping which, he said, was done by pickets.

He reported some trucks were hauling coal to the Wheeling & Lake Erie Railroad tipples were stopped on side roads. Part of the 10-car shipment was loaded yesterday.

Elsewhere in the state the coal shortage became more acute.

In Cleveland, the city coal emergency bureau assigned priorities to help 50 needy families get some supplies. The city will close three recreation centers, beginning Monday, to conserve fuel. Case Tech cut its classroom heat to 65 degrees to make its coal pile last longer.

Coal also is in short supply at Ohio State University at Columbus and the University of Cincinnati at Cincinnati.

In Cincinnati, there is only enough coal to heat the federal building until Monday for two hours a day, says Charles H. Morris, custodian.

After Monday all heat will be shut off in the offices, and only enough will be maintained to keep pipes from freezing. He said no more coal is in sight.

"It isn't going to be pleasant," he said. "Monday it is going to be worse than that if we can't get coal."

In Lorain, a coal emergency was declared by acting Mayor John Jaworski who set up a rationing program.

He said that all requests for coal will go to a central bureau where they will be investigated by policemen. Coal dealers voluntarily agreed to go along with the program, he said.

Canvassers To Meet To Discuss Census

COLUMBIANA, Feb. 24 — A meeting of the 125 canvassers who are to take the religious census of Columbiana and vicinity, sponsored by the Columbiana Ministerial Association, will be held in the Methodist Church at 2:30 p. m. Sunday when they will receive their instructions and assignments of territory.

Sunday, March 5, is the date set for the census.

Territory to be covered will embrace the area north to Eureka road, the north boundary of Columbiana school district; east to Route 7; south to Fairfield Centralized School, and west to the neighborhood of Kelly's Park.

Norman Detwiler of the Methodist Church is chairman of the census organization, W. B. Longshore of the Christian church, vice chairman, and Mrs. H. F. Gilmore of the Methodist church, secretary.

Steel Formula Plan Withdrawn By Timken

COLUMBUS, Feb. 24—(AP)—The non-contributory pension plan based upon the Bethlehem-CIO formula, has been withdrawn by the Timken Roller Bearing Co.

On Jan. 23, the company offered all hourly-paid employees not represented by the CIO, a choice of two pension plans—the Timken retirement annuity plan, in effect since June 1, 1941, and the non-contributory proposal.

Since all eligible employees chose the company's own retirement program, the second choice has been withdrawn, the company announced today. All employees are eligible to participate in the program after completing one year of continuous service.

25 Police Officers Attend FBI School

LISBON, Feb. 24—The first in 11 sessions of FBI school which is being conducted in the courthouse here under sponsorship of Sheriff Howard Clark and Lisbon Police Chief Dalton E. Pike, was held Thursday afternoon with 25 officers from over the county in attendance.

Police officers representing Salem, East Palestine, Columbiana, Leetonia, Salineville, Lisbon and deputies of the sheriff's department, heard Special Agent Ralph O. Dunker explain the "Bill of Rights," the federal government, its various departments and functions, and a general briefing on

federal laws and enforcement.

The session opened at 1 p. m. with Sheriff Howard J. Clark in charge, with a general introduction of guests, followed by an address of welcome by Mayor Kenneth Hiscox and brief remarks by Chief D. E. Pike of Lisbon.

Common Pleas Judge Joel H. Sharp also addressed the group on the subject of "Law and Rules of Evidence" with regard to investigation, apprehension and obtaining evidence in criminal cases.

The next school will be held in the courtroom March 2 at 1 p. m. when moving pictures will be shown and defense tactics stressed.

Miss Elizabeth Fultz will provide violin music, with Miss Janet Cunningham as the accompanist.

Personal Notes

Mrs. James H. Wilson, Jr. and her daughter, Susan Deming Wilson, returned Thursday from Wellesley Hills, Mass., where they visited relatives. On Feb. 4, Mrs. Wilson was matron of honor at the wedding of her sister, Miss Joann Morrison and Henry Maitland Slodden of New York City. Other Salem people at the wedding were James H. Wilson, Jr. and Mr. and Mrs. James H. Wilson, Sr. and their daughter, Barbara. Miss Wilson, a student at Wheatland College, 1950.

Norton, Mass., accompanied Mrs. Wilson home and will spend the weekend with her parents.

Private First Class Charles N. Spencer of R. D. 2, Salem, has been promoted to the grade of corporal in the Eighth Army leadership school in Yokohama, Japan. Entering the Army in March, 1943, Corporal Spencer served with the 31st Infantry Division in New Guinea and the Philippines during the war. He arrived in Japan in June 1948 and was assigned to his present duty. He is the son of Mrs. Leora Spencer.

Pine Manor Junior College, Wellesley, Mass., announces that Mary Josephine Works has been named to the dean's list. Among her activities at the college are the Service League, International Relations Club and United Nations Collegiate Council. Miss Works is president of the council. A daughter of Mr. and Mrs. John B. Works of S. Lincoln ave., Mary is a member of the class of 1950.

Cooking Hints

Make a nutritious vegetable filling for sandwiches for the lunchbox. Mix a quarter cup each of grated carrot, finely diced celery, grated cabbage, with a quarter teaspoon of salt, two teaspoons of chili sauce, and two teaspoons of mayonnaise or salad dressing. This makes about three-quarters cup of filling.

For a delicious Lenten lunch-dish, flake a pound of cooked or canned fish and mix with two cups of medium cream sauce; season with chives or onion juice.

son well and heat. Garnish with sliced hard-cooked eggs and serve very hot on split buttered biscuits or toasted English muffins.

Add prepared horseradish to a meat loaf before baking; use about 4 tablespoons to a pound-and-on-half of meat.

There's something softly feminine and subtly appealing about the delicately striped shadings of our newest chambray charmer. He'll love you in the face-framing flattery of the butterfly collar ... the softly rounded sleeve-cuff contour. Not to mention that you'll love the controlled fullness of inverted skirt pleats and wonder-washability of this superb Sanforized chambray.

(At Right)

Solid shades of superbly textured rayon shantung brightly touched at the collar and pocket flaps with contrasting color tones. Even the collar closure is deeply lined with the second color for just a subtle suggestion of contrast. This design takes well to desk and other day-time chores ... then carries you over into the more exacting demands of afterdark wear. Full zipper back closure to prevent hair muss.

Taverns Decrease In Ohio During 1949

COLUMBUS, Feb. 24—(AP)—The number of liquor establishments in Ohio is declining. The 13-month-old "freeze" on new permits is having its effect.

So reported yesterday the state liquor department in an exhaustive survey of permits issued last year and those still in effect on Jan. 1.

The department said 1,113 permits issued during 1949 were no longer good because the permit holders quit their businesses, lost their permits by revocation or were forced to surrender them after local options made liquor sales illegal.

All liquor permits are for one

year and must be renewed annually.

The number of night clubs declined by 77. The number of tavern keepers selling 7 per cent beer dropped by about 290, and more than 130 retailers of beer, wine and whisky by the glass no longer have permits they held last year.

During 1949, the board of liquor control revoked 80 permits for violation of regulations. Another 35 were given up after local option elections outlawed liquor.

There were 35,425 liquor permits of all types in effect on Jan. 1. These included 11,696 for sale of beer and wine in containers to carry out; 6,701 for sale of 7 per cent beer by the glass, and 6,704 for sale of whisky, beer and wine by the glass, including 2,797 with night club privileges.

HAPPY NEW YEAR. Jerry Wang Van Meter, two, adopted Chinese war waif, holds an ice cream cone and sits on a Chinese chest in Glendale, Calif., happily unaware that he nearly was deported back to China. Immigration authorities relented when they heard California authorities had approved his adoption by Mrs. Betrice A. Van Meter, a retired missionary, just one day before he was due for deportation and on the day the Chinese observe as New Year. Jerry is dressed in a cowboy outfit he calls his "Hop-a-Wong" suit.

Rare Science Yearbook Given To Mount Union

ALLIANCE, Feb. 24—A gift of "Eder's Jahrbuch Fur Photographie" to the Mount Union College Library has made it the only library in Ohio and one of the few libraries in the United States to possess nearly a complete set of this scientific yearbook. R. E. Stauffer, director of the Library, announced today.

This collection and several volumes of "Photographische Rundschau," German works which are important in the history of photography, were given to the Library by Mr. A. P. H. Trivelli, assistant superintendent of the emulsion research department of the Eastman Kodak Company. Several works in the fields of mathematics, chemistry and physics were also included in the gift.

Among these are the first German edition of "Electricity and Matter" by Sir J. J. Thomson, winner of the Nobel Prize in 1906, and a book by the Dutch physicist, H. A. Lorentz, the 1902 Nobel Prize winner in physics. Mt. Union has 26 volumes of the yearbook, of which there are some 30 volumes.

Mr. Trivelli, who was born in the East Indies and is of Dutch descent, was personally acquainted with Lorentz and several other authors represented in the collection.

EDWARD COST DIES
ALLIANCE, Feb. 23—(AP)—Edward H. Cost, 65, for 30 years an employee of the Western Union Telegraph Co., in Alliance, Mansfield, Canton and Youngstown, died in Alliance City Hospital early today. A native of Xenia, he came here 15 years ago from Mansfield where he had served as a member of the board of education. He was born in Xenia, O.

Renew Search For Missing Army Cadet

WEST POINT, N. Y., Feb. 24—(UP)—Military authorities have intensified their investigation into the disappearance of Cadet Richard C. Cox, missing from the U. S. Military Academy here since Jan. 14, officials said today.

They expected to complete draining Delafield pond, artificial swimming site used by the cadets, within a day or two, and were considering the possibility of draining a nearby reservoir.

The 22-year-old second classman disappeared after receiving permission to dine at the Hotel Thayer, located on the reservation. He apparently did not reach the hotel nor did he return to his quarters. His widowed mother, Mrs. Rupert Cox, Mansfield, O., has not heard from him since then, Army investigators said.

The intensified investigation hinged on a recheck of the entire West Point reservation and of all persons whom Cox may have known.

Investigators said there was no advance indication that Cox intended to leave West Point or that he was in any way dissatisfied.

fied. His money and other personal possessions were found in his room and he was listed as a good student, in the upper third of his class.

Before coming to the academy, Cox served with the 28th constabulary unit in Schweinfurt, Germany.

Salem Set To Open Tourney Play At Youngstown Monday

Quakers Ready For Tourney Tilt With Girard Indians

The labor and sweat of four months' work will be on the block for Salem High's basketball team Monday night when they make their first start in the district case tournament at Youngstown South.

The tournament is the goal toward which almost every Ohio scholastic team points for all year. Season's records are nice to look at, but they don't mean much when the "win or get out" play begins.

The Quakers have what might be considered a not-too-tough opponent in the Girard Indians Monday. They defeated Girard 54-46 during the regular season on the Girard floor. That score alone should make them at least a 10-point favorite on a neutral floor. However, these tournament games don't seem to go according to the scratch sheet. Weaker teams have a nasty habit of waxing hot when the pressure is on and they delight in knocking off the favorites.

The Quakers should take Girard seriously. Coach George Light has an improving ball club, one that might hit its peak during the tourney. Like Bob Miller of Salem, he has only one senior on the squad, the rest being juniors and sophomores. The Indians aren't tall, with only one man topping the six foot mark.

They use a deliberate offense, even on large floors. The Indians have followed the Quakers' pattern this year in having extremely hot and cold nights. There is no predicting their play on any given occasion. So far, they've amassed a 10-9 record against fair opposition.

Girard was beaten by Salem, Warren, Rayen, Campbell, Edst, Canton Lehman, twice by Niles, and Ursuline. The last was a bad beating, absorbed Tuesday night at the South fieldhouse.

In the victory column are wins over Liberty, Newton Falls, Brookfield, two over McDonald, Struthers, South, Hubbard, North and Fitch.

They'll floor almost the same team which went up against Salem before. Jim Nace, 6-2 center, the tallest man on the team, Walter Pavlic, 5-10, Walter Hill, 5-8, Justin Mischkulnig, 5-11, and Walter Sagan, 6-0, will get the starting nod Monday. The only change might be the insertion of Senior Jack Leskovec, 5-11, who was sidelined most of the season due to a December appendectomy. He has played in last four games of the season.

Although Sagan led the scoring against Salem last time with 13 points, the sharpest looking Girard cager was Pavlic, who is only a sophomore. He netted 11 against the locals.

According to Girard school of-

ficials, the Indians will have a large following of fans at the tournament. Their team is popular and the Girard people are looking forward to next season when their team matures.

The Quaker squad will be in better physical condition for the Girard tussle than it was for Sebring last week. Bob Coy, who sprained his ankle in a pre-game practice session, reports the leg is improved.

Still a question mark is Tommy Pastier, who came down with a rare ailment—hardening of the neck glands. He wore a cast on his neck for several days, but it has been removed and he may round into shape by Monday.

The Red and Black cagers went to Youngstown this afternoon to play a practice tilt against Youngstown South on the fieldhouse floor. It is their last stiff workout until the Girard game Monday.

Potters Announce New 1950 Grid Slate

Three new teams will grace the 1950 East Liverpool High School football schedule, it was announced this week. The trio of teams, Boardman, Toledo Devilbiss and Canton Timken, will replace Lima South, Akron East and Toronto on the Potters' schedule.

Boardman will open the season at Liverpool and Devilbiss and Timken are also to play at Patterson field.

Coach Wade Watts will launch his team into spring training session beginning March 13, depending on the weather. It will be the first spring session to be held by the Potters since 1941. Watts expects 65 candidates to report for opening drills.

The schedule:
Sept. 15—Boardman, home.
Sept. 22—Steubenville, away.
Sept. 29—New Philadelphia, home.

Oct. 6—Toledo Devilbiss, home.
Oct. 13—Canton Lehman, away.
Oct. 20—Youngstown South, home.

Oct. 26—Martins Ferry, home.
Nov. 3—Salem, away.
Nov. 10—Canton Timken, home.

Nov. 17—Wellsville, away.

Toar Julian Battles Ex-Champ Saturday

Getting a big chance to make a splash on the national wrestling scene, Salem's Frank "Toar" Julian is looking forward to his match with the great Jim Londos at the Youngstown Valley Arena Saturday night.

Julian will grapple the "Golden Greek" in the feature two out of three fall final on the Saturday card. Londos, who was heavyweight champion for nine years, is currently making a comeback. He'll have his hands full with the younger, faster Julian, who will also outweigh the former champ 235 to 205.

The match will headline an attractive card lined up by Promoter Jimmy DeNiro. A women's match, featuring Marilyn Martin of Los Angeles and Beverly Lehner of Omaha is scheduled, along with an Australian tag team match. It includes teams of Lucky Simonovich and Jack Kennedy against Dutch Howlett and Jim Spencer. A one fall prelim match rounds out the card.

Goshen Eliminates Greenford High 43-32

Staging a last half comeback, the Goshen Gophers came from behind to upset Greenford 43-32 in the Mahoning county Class B basketball tournament at Youngstown South fieldhouse.

The Goshen cagers thus moved into the consolation finals and will meet North Lima Saturday night. The winner will qualify for sectional play.

Dick Wyss paced Goshen with 15 points, while Claire Weingart got 12 and Curt Mosher 10. Ken Baird had 12 for Greenford.

The loss eliminated Greenford from further tournament play.

Youngstown Defeat Lions Club Bowlers

Salem Lion bowlers failed to turn the trick twice in a row as they lost an inter-club bowling match Wednesday night on the Washingtonville alleys with the Youngstown Lions as victors. Salem won in Youngstown last fall.

Al Johnson of Youngstown bowled 223 and Homer Logue of Salem rolled a 205 total for high scores of the match. Dr. Clarence Hartsough was captain of the Salem leggers.

The visiting Lions announced a rotating trophy will go to the winners of matches between Lions clubs in this zone. Refreshments were enjoyed by the men following the match.

D. A. To Probe Roach Death

Seek Answer To Brain Injury Of Texas Boy

NEW YORK, Feb. 24—(AP)—Boxing, subject of many probes, went under the microscope again today as ring and civil authorities sought an answer to the death of Lavern Roach, good-looking, 24-year-old middle weight of Plainview, Tex.

Two investigations were ordered immediately to determine if negligence played a part in the fatal brain injury to the boyish ex-marine. He died yesterday 14 hours after he was knocked out in a fight at St. Nicholas Arena.

No charges were brought against his opponent, George Small of Brooklyn, who smashed Roach to the canvas twice with rattling right hand blows in the tenth round.

The New York State Athletic Commission had an open hearing this morning. Chairman Edward Eagan, who presided, said a preliminary examination showed no infraction of commission rules.

The district attorney's office launched a widespread investigation, calling in all persons connected with the Wednesday night bout.

Detective Lt. Henry Devlin of the New York police said, "There does not appear to be any negligence at this time." He saw the bout.

Ed Furgol Shoots 66 In Houston Open

HOUSTON, Feb. 24—(AP)—Ed Furgol admits he is in rather unfamiliar surroundings but says he feels mighty good.

The physically handicapped Royal Oak, Mich., golfer turned in his best 18-hole score of his six-year professional career yesterday to take the leadership of the \$10,000 Houston Open.

He determinedly ground out a 33-33-66 score over the 6725-yard par 72 Brae Burn Country Club course to find himself two strokes ahead of the field at the start of today's second round.

While Furgol efficiently executed his approach shots and putting, most of the fans were watching two local idols—Jimmy Demaret, who now operates out of Ojai, Calif., and Jackie Burke, Jr., who registers from White Plains, N. Y.—run into their usual Houston bad luck.

Demaret found his putting just inches short and wound up with a 74, eight strokes back of Furgol. Burke finished at 76.

Station-Board In Jurisdiction Fight

MANSFIELD, Feb. 24—Mansfield Radio Station WMAN reported yesterday it could not accept conditions laid down by the local board of education regarding broadcasting of basketball games.

The board has said the station could broadcast sectional Class B basketball tournament games here if the station: (1) Broadcast the games without sponsorship and (2) sign a contract to broadcast every home game for the next four years.

Marion O'Hara, WMAN manager, said the station could not accept the conditions.

Earlier, the station asked common pleas court to issue an injunction preventing the board from interfering with the broadcasts.

The court refused to issue the writ, but said the board does not control the school's athletic program.

The board contends it does, through an athletic board.

Mullins, Town Talk, Amvets In Tourney

The Mullins cagers, leaders in the city Class A League, will be gunning for their second win Saturday in the Independent Basketball Tournament at the high school gymnasium in Cortland, Ohio.

Pitted against the Hank A. C. quintet in the Booster Division, Mullins is scheduled to play at 4 p. m.

In Wednesday night's contest Dick Treleven, who was a unanimous choice for the mythical All-Ohio basketball team in 1941 while playing for East Liverpool High School, dumped in 18 points to pace the Mullins outfit to a 59-47 win over Daniels Gulf Service.

Town Talk, also a Salem Class A team, will play its second tilt at 8 p. m. Tuesday in the same division of the tourney after winning on a forfeit Wednesday night.

The tournament includes an "A" Division, in which a Salem Amvet team is entered.

Indian Contingent Leaves For Tucson

CLEVELAND, Feb. 24—(AP)—An official party of Cleveland Indians will leave here Sunday for the Tribe's spring training camp at Tucson, Ariz.

The baseball club said the party will consist of Al Aber, Luke Easter, Bob Kennedy, Coaches Muddy Ruel and Mel Harder, Travelling Secretary Spud Goldstein and Bullpen catcher Bill Lobe.

At Chicago, they will be joined by Tribesmen Lou Boudreau, Steve Gromek, Lyman Lunde, Dick Rozek, George Zverink, Mike Tresh, Bobby Wilson, Larry Doby, Milt Nielsen and Coach Oscar Melillo.

The rest of the men on the roster will make their own travel plans. All are due in Tucson Tuesday. Still unsigned, however, are Bob Lemon, Jim Hegan, Red Embree, Orestes Minoso, Roberto Avila and John Berardino.

Tribe Interested In Lieut. Glenn Davis

CLEVELAND, Feb. 24—(AP)—The Cleveland Indians are "definitely interested" in First Lt. Glenn Davis, Army football star, and General Manager Hank Greenberg said he would talk to Davis on the subject after March 1.

The West Point athlete leaves the army March 1, for his Claremont, Calif., home, and the Indians open spring training at Tucson, Ariz., on that date. Davis said last night he intends to play pro football for the Los Angeles Rams.

Greenberg said he's been told Davis could be developed into a major league baseball player, but "we wouldn't know how long it would take unless we saw him in spring training."

"After all, he is 26 and would have to be exceptionally good to play major league ball without minor league experience," Greenberg added.

Calumet Entry Widener Choice

Coaltown, Armed Top Saturday Handicap

MIAMI, Fla., Feb. 24—(AP)—Calumet Farms, always the number one threat when big purses are offered, has become a 3 to 10 favorite to win Hialeah race track's \$50,000 Widener Handicap Saturday with its double-barreled entry of Coaltown and Armed.

To add to the lopsided favoritism developing for Warren Wright's high powered entry is the rumor that Mrs. E. L. Hopkins' Three Rings—winner of the McLennan and Royal Palm Handicaps—has been injured and is a doubtful starter in the mile and a quarter classic.

Despite Trainer Willie Knapp's declaration that "everything is all right so far," stable gossip reports Mrs. Hopkins' Bargain Handicap Ace injured a leg in his stall Wednesday.

The injury was believed sufficiently serious to prevent Three Rings entry in the 13th renewal of the race named for the founder of Hialeah race course.

With the second choice doubtful, Mrs. E. D. Weir's Royal Governor, which ran a fast-closing second to Three Rings in the \$25,000 McLennan, became a 3 to 1 choice.

Emswiler Says Tournament "Daze" Affects 1130 Teams

By FRITZ HOWELL

COLUMBUS, Feb. 24—(AP)—Buckeye basketball bits!

We walked into the office of H. W. Emswiler, state high school athletic commissioner. The conversation:

"Well, Emmy, the tournament days are almost here."

Emswiler: "In a way you are right. But in two ways you are wrong."

"How's that?"

Emswiler: "Well, you're right in saying the tournaments are here. But around here, this time of year, we call it tournament 'daze' not 'days'. So your observation should be 'Well, Emmy, the tournament daze is (not are) almost here.'"

And with Emmy supervising the play of 1130 basketball teams—226 in Class A and 904 in Class B—we'll go along with the "daze" angle.

A year ago 1187 quintets took part in the tournaments, but consolidations in the past months chopped the total to 1130.

A flock of records are being set all over the state as the Class B teams battle it out on the county fronts in the "lose and out" qualifiers from the March 2-11 sectional events—but Emswiler is getting a record of his own.

For years he smoked cigars—generally the kind someone gives you for Christmas—but he gave 'em up last March 10 and hasn't smoked one since.

Beatrice Steele, Emmy's secretary, is happier since the smoke screen cleared away.

She murmured: "It was tougher around here when we had both tournament daze and cigar haze." Asked if he felt better since giving up smoking, the commissioner answered:

"I feel better, but I have taken on a new ailment. And, of all

things, it is the gout."

Jake Noll, a second stringer, hit the jackpot for 60 points for Batavia in the Clermont county tourney as Moscow was smothered under a 140-33 score. . . . Newt Oliver, who set a national collegiate free throw record of 291 in a single season at little Rio Grande, has a freethrow deadshot on his Upper Sandusky team—Tom Kotterman has made 25 without a miss since Jan. 7.

The one-game record for consecutive free throws, says Sports Editor Jack Corns of Ironton's Tribune, was set last year in the Lawrence county Class B tournament when Norman Newman of Rome made 12 in a row.

Mason of Warren county doesn't expect to go far in the Class B race. Seven of the club's squad of 14 are abed with influenza, and another has dropped out, leaving only six players.

This year's regional tournaments from which one survivor will emerge into the state finals, are scheduled at (Class A) Youngstown, Toledo, Athens and Springfield. They're scheduled March 16, 17 and 18.

In the state tourney the Class B semi-finals will be held the afternoon, and the A finals Saturday, the Class A semi-finals the next day, the B finals Saturday afternoon, and the A finals Saturday night.

Reduce Prices, Unions Asking

Two CIO Groups Plan Demands On GM

DAYTON, Feb. 24—(AP)—Two large CIO unions will make identical demands on General Motors Corp. that it raise wages and lower prices of its products, it was announced here last night.

Decision of the United Automobile Workers' and International Electrical Workers to unify contractual demands on one of the nation's largest corporations came in a statement signed by James B. Carey, national administrative chairman of the IUE.

The statement followed a meeting here attended by Carey, William Snoots, IUE international secretary; T. A. Johnstone, director of the GM division in Detroit of the UMW, and E. S. Patterson, assistant to Johnstone.

Representatives of IUE locals in Dayton, Warren, O., Rochester, N. Y., and New Brunswick, N. J., were at the meeting.

The UAW claims 265,000 members in 117 GM units throughout the country, and the IUE claims 28,000 members in GM electrical divisions, including 20,000 in Dayton.

The new bargaining strategy

was revealed as preparations were being made for next Tuesday's NLRB collective bargaining election of GM electrical workers.

Both the IUE and the Independent United Electrical Workers claim to represent the workers. The IUE was kicked out of the CIO at its last national convention, and the IUE was formed to replace it.

Carey said after the meeting: "The International Electrical Workers Union and the United Automobile Workers will work together to promote the welfare of General Motors workers and American labor. We have agreed today on a three-fold program on our bargaining with General Motors."

The program calls on the two unions to seek increased wages, insist on a pension and social insurance program which will give "adequate security," and urge General Motors to lower the price of its products.

Johnstone and Patterson said they came to the meeting full able to speak for the United Automobile Workers Union.

TRUMAN ACTION DUE

WASHINGTON, Feb. 23—(AP)—The White House said today that President Truman probably will create an emergency board tomorrow or Saturday to head off a threatened nationwide railroad strike. The Brotherhood of Conductors and Trainmen have called a strike for 6 a. m. Sunday.

REPORT PROFITS

CLEVELAND, Feb. 23—(AP)—Net profits of \$8,259,530 during 1949 were reported yesterday by Eaton Manufacturing Co. The 1948 net profits were reported at \$10,971,106.

JUDY HUDDLES WITH NEW LAWYERS—Judith Coplon, on trial for espionage conspiracy, meets her new lawyers for conference at Federal Court in New York City after she had fired Atty Archibald Palmer. Seated with Miss Coplon is the chief attorney, Samuel Neuberger. Standing in rear are (left to right): Leonard Boudin and Sidney Berman. Federal Judge Sylvester Ryan designated the new attorneys.

Puddings Top Lenten Meals

PUDDINGS that are rich in protein value make ideal desserts for meatless Lenten menus. The eggs, milk, butter and nuts all carry their own good protein and build the meatless meal up to a luscious end.

For American style puddings, one of the best sources is "Favorite Desserts by Chicago Home Economists." From this valuable little green book come these two first-rate puddings:

Walnut-Raisin Bread Pudding (8 servings)

One and one-half cups milk, 3 eggs, beaten, ¼ teaspoon salt, ¼ cup sugar, ½ teaspoon cinnamon, 1½ quarts soft ½-inch bread cubes, 1 cup chopped walnuts, ½ cup seedless raisins, 1 tablespoon rum or wine or water, 1 tablespoon cream, 1½ tablespoons sugar, 1 teaspoon butter or fortified margarine.

Combine milk, eggs, salt, sugar and cinnamon. Pour over soft bread cubes and let stand for 30 minutes. Combine walnuts, raisins, rum or water, cream and sugar. Alternate layers of bread mixture and nut-raisin mixture in a buttered 1½-quart casserole. Dot butter over top of pudding. Bake in a moderate oven (350 degrees F.) for 45 minutes. Serve with cream.

Cherry Pudding (6 servings)

Part 1: One-half cup sugar, 1 tablespoon cornstarch, 1 1/3 cups cherry juice, 2 tablespoons butter, 1 box quick-frozen sour cherries or 1½ cups fresh or drained canned cherries.

Combine sugar and cornstarch; add cherry juice and butter and cook until slightly thickened.

Place cherries in the bottom of a 9x9-inch baking pan. Pour thickened juice over them.

Part 2: One-third cup shortening, ½ cup sugar, ½ teaspoon almond extract, 1 egg, unbeaten, 1½ cups sifted cake flour, ¼ teaspoon salt, 1½ teaspoons baking powder, ½ cup milk.

Cream shortening, add sugar and almond extract and mix well. Add the egg and beat until light and fluffy. Add the sifted dry ingredients (flour, salt and baking powder) alternately with the milk. Spread this batter over the cherries. Bake in a moderate oven (350 degrees F.) for about

25 minutes or until the cake is done. Serve warm with plain or whipped cream.

Cadillac presents FOUR NEW SERIES OF CARS...

The Series Sixty Special Sedan

..All Dramatically Restyled...and Powered by Cadillac's Sensational New Engine!

TODAY, we are presenting, for your consideration, the finest, most beautiful motor cars we have ever been privileged to announce.

They are the new Cadillacs for 1950—and we want you to come and see them.

We not only want you to see them—but we think you should see them. For to see and inspect these wonderful creations will make you a sharper judge of all cars—and increase your motor-car wisdom in every respect.

There are four entirely new series of cars—all with wholly new bodies, and all completely restyled. We think you'll agree that nothing so sleek and dynamic and beautiful has ever been

seen on the world's streets and highways. They are arrestingly and breath-takingly gorgeous—and all are *distinctively* Cadillac.

And not only are they advanced in beauty—but their *performance* is finer in every way.

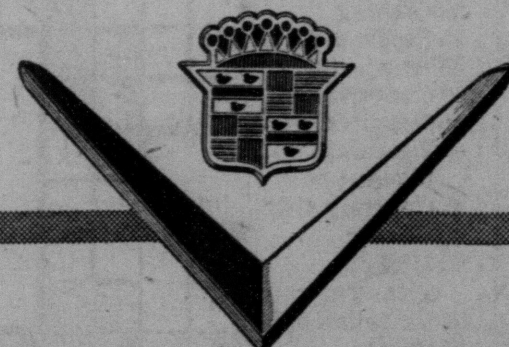

Cadillac's great new high-compression engine is even smoother; it is actually quicker in acceleration; and it runs so quietly that only the indicators reveal when it is in action. It is simply wonderful to drive.

And—difficult as this will be for owners of 1949 Cadillacs to believe—the 1950 cars are *even more economical to operate*. Gasoline mileage really approaches that of the smaller, lowest-

priced cars. It is no less than amazing that cars so big and luxurious should run so far on a gallon of gasoline.

Comfort and handling ease are also remarkably advanced. There is far finer road balance and over-all steadiness at all driving speeds. Steering is softer and more positive. Brakes are more efficient and longer-lived. The over-all satisfaction of driving—from every standpoint—is simply "out of this world."

Truly, here are cars so fine and beautiful that they deserve your personal consideration. Make your plans now to come in and see them. You will be cordially welcome at any time.
